There has been a Dunbar's Store here for many generations – since before 1889. Originally it was located across Rt. 1 behind you

THE HISTORY OF THE STORES IN SULLIVAN mirrors its economy. When shipbuilding and fishing gave way to granite quarrying and briefly to mining, we find many new stores in West Sullivan – often company stores owned by mine or quarry owners.

Can you spot CASCADE HOUSE? Built about 1876 as an inn or boarding house. Later converted to grain, feed and grocery stores, one called "Cascade Cash & Carry." At the intersection of Rt. 200 and Rt. 1.

Sullivan's architecture is a window into its boisterous past

In the 1800s when ship building, quarrying and mining thrived, enterprising businessmen built boarding houses and hotels to house the many laborers. Blacksmith shops, livery stables, grocery and feed stores, and a meat shop flourished as well. The town bustled with many small businesses.

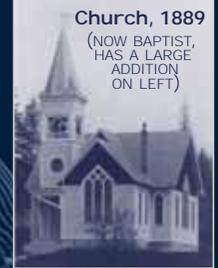

The Old Granite Store built to keep Salt for fisherman going out on the Grand Banks. Located on Rt. 1 approx. 00 miles from here on the water side
